EXECUTIVE SUMMARY

The Central Academy for State Forest Service (CASFOS), Coimbatore under the aegis of Directorate of Forest Education (DFE), Ministry of Environment, Forest and Climate Change was identified to conduct a “**General awareness course on conservation of forests and wildlife : Know your Forests**” for other Stake holders for two days through online mode.

The Ministry of Environment, Forest and Climate Change, Government of India sponsored the training. In this background, a two days online training programme was planned to bring about general awareness about the Forests and importance of its conservation among the teaching faculty of educational institutions who could further disseminate the message among their students and orient the thoughts of the younger generations towards sustainable nation building and conservation of our forests and environment.

The training was conducted on virtual mode due to the current pandemic COVID-19 situation. About 1053 participants from various States participated with overwhelming enthusiasm.

The Course Director of the training, Dr.C. Vidhyasagar, IFS., Lecturer, CASFOS gave a brief presentation about the structure of the course. Shri. V. Thirunavukarasu, IFS., Principal, CASFOS, Coimbatore in his opening remarks, welcomed the Chief Guest Shri. Ramasubramaniam, IFS., Conservator of Forests and Field Director, Anamalai Tiger Reserve and all the participants of the training programme. He gave a brief introduction about the forest and issues concerning the forest and environmental conservation. He emphasized the fact that every one of us has the fundamental responsibility to conserve this important natural resource. The Chief Guest for the occasion Shri. Ramasubramaniam, IFS., Conservator of Forests and Field Director, Anamalai Tiger Reserve briefly spoke about the history of forest management in the Country and highlighted the rich floral and faunal biodiversity that our forests supports. On a happy note, he mentioned that the Forest and Tree cover of the Country has increased despite huge biotic pressure on the forest resources. He expressed his belief that through this training the message of conservation would spread across the civil society and strengthen the cause of conservation.

The topics deliberated during the course were **Over View of Forest & Wildlife Management** by Dr.C.Vidhyasagar, IFS, Lecturer and Course Coordinator, CASFOS,

Coimbatore, **Fascinating World of Wild Flora and Fauna** by Mr.K.Kalidasan, President, OSAI environmental Organisation, Coimbatore, **Forests and Climate Change** by Dr. A. Ramachandran, IFS, Director (Retd.), Centre for Climate Change, Anna University, **Planting Trees and its Economic and Environmental Considerations** by Dr.A.Balasubramanian, PhD, Professor & Head, Dept. of Silviculture and Natural Resource Management, Forest College and Research Institute, TNAU., **Human Wildlife Interface (With Special reference to Human Wildlife Conflict issues and Zoonotic diseases)** by Dr.Manoharan, MVSc. Addl. Dir, Animal Husbandry Dept., & Forest Vety Officer (Retd.) Govt. of Tamil Nadu, **Basic Legal Inputs about Forestry and Wildlife** by Shri.V.Thirunavukarasu, IFS, APCCF & Principal, CASFOS, Coimbatore, **Birds Biodiversity** by Dr. Pramod, Principal, Scientist, SACON, Coimbatore, **Opportunities in Forestry Sector** by Dr.K.T.Parthiban, Ph.D Dean (Forestry), Forest College and Research Institute, Mettupalayam, TNAU and **Conservation Education through Zoos and Botanical Parks** by Ms.Sudha Ramen, IFS, Deputy Conservator of Forests - Head of Division (Land use), State Planning Commission, Govt. of TamilNadu.

A total of 1053 participants from various educational institutions such as Schools, Colleges and Universities from various States across India registered for the training programme. About 500 numbers of Participant attended the training through Google Meet online Platform. And the remaining watched the programme through live streaming on YouTube platform. The training programme was very well appreciated by the participants who also requested for more of such training programmes especially through off-line mode. The Participants also urged for collaboration of Forest Department and Education Department in the States for a regular awareness generation activity at the field level. Power Points and reference materials were shared with the participants through email. Further, the YouTube links having the video recordings of the entire training programme were shared with them for their future reference.

Format for reporting evaluation of refresher course conducted by the institute/organization for other stake holders sponsored by the Ministry of Environment, Forests & Climate Change, GOI, New Delhi as per the merged format of MoEFCC and JICA

Course Director's comments on

Participants' views about the strengths and weakness pertaining to the course

- (Note: 1. Participants' comments to Part C Question 5 which deemed appropriate to give Course Director's comment are shown in the table as Participants' views.
2. Comments of similar nature relating to the same aspects given by different participants may be clubbed together by the Course Director.)

Sl. No	Participants' views	No. of participants who have expressed the view	Course Director's comments
1	Really we enjoyed during this pandemic time, excellent lectures. Excellent Programme, Field Visit...? if possible. we need more offline trainings.	56	Offline training model will be adopted once the pandemic situation eases and permission is granted from concerned authority.
2	Learned more information about Forest... Experienced as we are in a forest. Wonderful slides presentation by all the wonderful speakers. Thank you so much for this wonderful opportunity. Kindly plan for a week long programme with field visit into forests. Such voluntary and useful courses can be planned often. It's highly useful and informative.	42	- do -
3	This course is very much interested and useful for me. Thank you for giving me to participate this course. We know wildlife and forest and relative their laws. It will be useful to us for our teaching.	65	Every aspect of the training program was carefully drafted which yielded a positive feedback from the participants.
4	Face to face interaction is better than virtual. We need a visit to forest area. Everything is nice but network issues sometimes also online program throughout day means sometimes felt physically uneasy.	21	The network connectivity was good all though the training program at the Institute. However some participants could have faced connectivity at times during the course at their end.
5	Sessions can be arranged for college students. This course will be effective and it will be an eye opener for students. Do it once in a year.	30	The suggestion is noted and would be conveyed to authorities concerned.
6	Very good effort of CASFOS. In person training will be planned. If it is online kindly get OD from the department. Lot of disturbances is there like regular intervals, lunch break and closing time of school.	04	Response as in Sl. No. 1
7	All resource person were excellent in their presentation with informative slides. Overall the training was enjoyable and also gave a lot of scope for doubt clearing and met our expectations.	15	The training has met the expectation of the participants.

Numerical value of feedback and Weighted Average

For calculation of numerical value of feedback, each factor is valued as percentage value to the top grade given to the factor. If no answer is provided, it is excluded from calculation. (Cf; where number of grade is 4, percentage value be 100, 75, 50, 25)
Average of numerical value of factors consisting of the element is a numerical value of the element.

REC CASFOS coimbatore is presenting

Strengths/Opportunities

- Large and varied visitor groups is an opportunity to reach to a wide target audience.
- Zoos/BP are still an inexpensive source of entertainment
- Naturalistic displays, a well planned and carefully designed enclosures, good biodiversity in and around the campus - a good source of recreation - opportunity to engage and educate visitors.
- Most of the visitors visit the zoo for recreation, an equal number visit as they are fond of animals/trees and they wanted to learn about them.
- People like visiting zoos/BPs. Though visitors have to walk long distances on foot, most visitors enjoy visiting these parks. People like to spend long hours. They get quality time to spend with their family and friends. People would like to contribute either by donating funds, becoming a volunteer or by adopting animals.

GOVERNMENT OF INDIA
MINISTRY OF ENVIRONMENT, FOREST & CLIMATE CHANGE
DIRECTORATE OF FOREST EDUCATION

**CENTRAL ACADEMY FOR STATE FOREST SERVICE
COIMBATORE**

**General awareness Course on Conservation of Forests,
Wildlife and Environment : "Know your Forests"
(07 - 08 Feb 2022)**

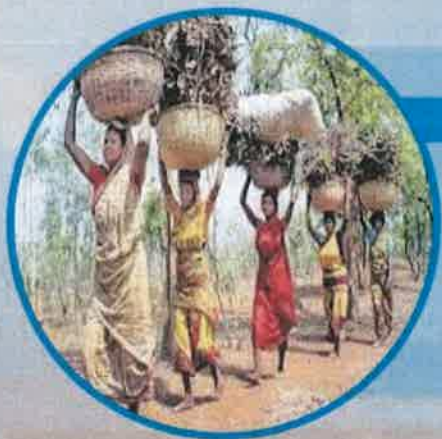

Forests are one of the most important resources that provide economic as well as ecological security for a developing country like India. Besides providing timber, fuel, fodder, minerals, minor forest produces and habitat for wildlife, etc., they also offer us a wide range of eco-system services like, hydrological security, prevention of soil erosion, mitigation of climate change, etc. Further, Forests enhance recreation and aesthetic value and possess rich cultural and religious association with our people for centuries together. According to India State of Forest Report - 2021, the total forest cover of India is 7,13,789 sq.km which is approximately 21.71 percentage of the total geographic area. With rich bio-diversity of flora and fauna in its forests, India is considered one among the seventeen Mega-biodiversity countries of the World. Over the years, there has been a progressive pressure on Forests and its resources resulting in unabated and indiscriminate use of Forest land. Consequently it made way for forest degradation and deforestation thereby threatening ecological security of the country.

There is an urgent need to promote conservation education about the significance of Forests and make aware of the present and future generations to understand the importance of its conservation. The educational institutions play a major role in imparting social values and sensitize the youth about important issues like conservation of natural resources. The teaching faculty of educational institutions has the capability to orient the thoughts of the younger generations towards sustainable nation building and conservation of our forests and environment. Keeping this in view, the training course aims to bring about general awareness about the Forests and importance of its conservation among the teaching faculty of educational institutions to disseminate the message of conservation among their students so that conservation thoughts and efforts will be pervaded through **the entire society.**

The Central Academy for State Forest Service, Coimbatore is one of the premier institutions under the aegis of Directorate of Forest Education, Ministry of Environment, Forest and Climate Change, Dehradun. It was established in the year 1980 to impart professional training in the field of Forests, Wildlife and Environment to the Forest officers serving at various levels across the Country and also to general awareness courses for other State holders.
