

One day Farmer Field School in Raipur Block Thano

27 September 2023, Dehradun. One day Farmer Field School on “Vermi-composting techniques for promoting entrepreneurship” was organized on 27 September 2023, at village Jhabrani Raipur Block Thano under the Farmer FIRST Programme by ICAR-Indian Institute of Soil and Water Conservation, Dehradun.

Dr Bankey Bihari, PI of the FFP encouraged the farmers on taking agricultural activities to the next level to make it more business oriented with profits and quality supply of agriculture produces. Dr M Muruganandam, Principal Scientist and Member of the FFP team gave insights on how collective efforts by the farmers could help in taking the compost making venture forward. Dr Trisha Roy, Scientist and Member of FFP team urged the farmers to come forward and adopt the technique of creating wealth from farm waste through vermi-composting.

The program ended with field visit to the composting sites and demonstration of waste decomposer and composts prepared by different methods for experiential learning of the farmers. The team also visited the various crop demonstration sites of newly introduced crop varieties. A total of 28 progressive farmers participated.
