विद्यया ऽमृतमश्नुते

**From nature springs curiosity, curiosity causes exploration, and from exploration comes knowledge. Knowledge is the seed for creation and creation is the aspiration of all human endeavours. Knowledge never dies and nor can it be deformed. It is immortal and its quest is the true path for salvation**

# Message from the Chairman

I extend a very hearty welcome to you as a parent who has shown interest in The Indian Public School.

The major driving force behind my taking up of this school project has been the mixed experiences of a variety of parents with regard to boarding schools in the country and this gave me an opportunity to closely examine the many features of our existing boarding school system.

What I observed was that most of the schools, unfortunately were still following a western pattern of instruction in learning, extracurricular activities and living. I strongly felt the need for a customization in our school system, reorienting it to Indian culture and traditions. Keeping this in view, we have experimented in a small way and initiated a few changes, which have already started bearing fruits.

At The Indian Public School, we help children tap into their hidden potential by exposing them to diverse opportunities. The broad based, liberal education also helps them to rise above parochial mindsets and acquire a truly international outlook. In addition to this, children are trained to learn more by doing things themselves and trying out new ideas, taking failure and success in their stride, with all their energies focused on honest and purposeful effort.

We, as management, have taken innovative initiatives to set up a dairy farm, fruit orchards, vegetable gardens, compost making units, beekeeping stations and horticultural facilities as spare time activities within school premises.

I have every hope and belief that The Indian Public School is going to become a premier institution of its kind in this part of the world, amply fulfilling the educational aspirations of the parents who bring their children to its portals.

# Principal's Message

The ambience and the pristine surroundings of The Indian Public School are conducive for learning and a healthy stay. We endeavour to transform students in such a way that they are physically fit, mentally resilient, morally strong, and spiritually sound, as these are the necessary conditions for a child's holistic growth. In order to make it happen, the school has the support of a qualified and experienced pedagogical line up with a proven track record.

The staff is sensitised to the needs of growing children and trained to lend emotional, intellectual and spiritual support to them as when required. This is the reason why children are able to stay, grow and learn in the school which they consider 'A home away from home'!

# Message from the Board of Governors

“

Insulated and secluded in these pristine and salubrious surroundings of the Doon valley, living in a world of its own, The Indian Public School, is home to a mix of 250 boys and girls aged between 5–18 years. They are split up into four groups, or Houses, thereby inducing a sense of competition that lasts a lifetime. It has enviable infrastructure and faculty comparable to the best in the country. Adding to this is the school's strong Indian ethos as its core value, that has been established by our ex-students. The Indian Public School is the perfect place to mould students into good human beings, who will shine as stars across the globe.

The Indian Public School is a unique educational institution, with a sprawling, lush green campus, top grade infrastructure and numerous facilities for all-round growth of children. Over the past few years, it has firmly established itself as an excellent centre for holistic education. Whether it is academics, extracurricular activities or games, the school has constantly been striving for excellence in every field. The school lays considerable stress on character building of the pupils through wide exposure to multifarious activities in and outside the classroom and by encouraging healthy competition among them. The school has a fully qualified and experienced faculty to direct and guide academic growth. The well equipped boarding houses and nutritious, wholesome food ensure affectionate care and upbringing. With its excellent learning environment and inclusive approach, The Indian Public School is doing a great national service by churning out responsible and worthy citizens.

The Indian Public School, Dehradun was a second home for me till my 12th standard. The quality of teaching I received here has been instrumental in my success. I am now pursuing my B.Tech. in Aerospace Engineering at I.I.T. (Indian Institute of Technology), Kharagpur. I strongly recommend all the students to take advantage of the beautiful system followed in this glorious School

**Surathip Pratanavanich**  
*Batch of 2012*

A native of Thailand, in The Indian Public School for six years from 2007-2012 as a commerce student. I did my graduation from Mahidol International University, Bangkok. I am presently running my own business in Bangkok. I had a very pleasant stint as a student in The Indian Public School. I enjoyed the excellent ambience and the delicious food there. The affectionate faculty heightened my involvement in studies and honed my skills as an entrepreneur

*Batch of 2011*

Ever since I joined The Indian Public School, my life has undergone an immeasurable change. The exuberance, the beauty and the bounty that I have experienced in the school campus is incomparable. The outcome of this unique combination is reflected in my Board Exam result of 92% in aggregate and my admission into one of the premier institutions of our country, N.I.T., Srinagar, Uttarakhand. May you all benefit from the facilities of this outstanding institution.
